

## Disclosure and current reporting policy

**The Allegro.eu Disclosure and Current Reporting Policy** (including the identification and reporting of inside information) establishes the framework for identifying, classifying, and publicly disclosing inside information and other reports required by law. The document aims to ensure transparent and reliable communication with the capital market and to efficiently fulfill disclosure obligations resulting from the Company's listing on the Warsaw Stock Exchange, while maintaining the highest market standards. The Policy specifies, among others, the principles of information flow within the Allegro Group and procedures for publishing reports regarding key corporate, operational, and financial events.
